Linda –

On behalf of Mission Linen Supply, find the attached response to the EPA's General Notice letter. Mission will be sending the response to the 104(e) letter separately.

Don,

Your request to extend Mission Linen's due date to December 3rd is approved. In addition, we will extend the due date for the insurance information to December 31.

If you have any questions, please let me know.

Linda –

Per our discussion yesterday, we are in the process of preparing responses to the EPA's General Notice and 104(e) letters regarding Mission's property in the vicinity of the Omega Superfund site. Based on the due date request falling on Thanksgiving, Mission is requesting a one week extension (to December 3) for submittal of information. It is likely that we will require an additional extension for submittal of the insurance information requested in the 104(e) letter as this information is not readily available and Mission's ownership of the property dates back to the 1960s or 1970s.

Please reply to confirm the EPA's acknowledgement of the extension request and call with any questions. Don
